SUMMARY

UI/UX and **Interaction Designer** specializing in **user-centered design**, **information architecture**, **interaction design**, and **design systems**. Experienced in **wireframing**, **prototyping**, **usability testing**, and **digital product design**, with a **background in Business Economics and Human-Centered AI**. Skilled in **Figma**, **Adobe Creative Suite**, and **cross-functional collaboration**.

PROFESSIONAL EXPERIENCE

UI UX Intern, Namekart

May 2026 - July 2026 | Internship

- Designed **end-to-end user experiences** for Name.ai’s public-facing platform and internal dashboard
- Created **user flows**, **wireframes**, **interaction patterns**, and **UX solutions** for multiple business scenarios and domain marketplace processes.
- Developed and maintained a **scalable design system** in Figma, creating reusable **components**, patterns, and guidelines for consistent product experiences.
- Leverages usage of **Figma**, **Figma Make** & **Claude** to design **data-intensive dashboards** & **high-fidelity interfaces**

UI UX Intern, Veins Studio

March 2026 - May 2026 | Internship

- Developing **brand identities** and **visual systems** for multiple clients, including logos, typography, and color palettes
- Creating **brand books** and **social media assets** to maintain consistent and engaging visual communication
- Designing **UI/UX** solutions by building **user flows**, **wireframes**, and **interface layouts** focused on usability and clarity
- Balancing **graphic design** and **product design work**, translating client requirements into cohesive brand and **digital experiences**.

Communication Designer, Quaogni

Aug 2024 - May 2025 | Full Time Role

- Led **brand identity design**, including **logo**,**brand colors**,**typography**, and **visual system**.
- Designed onboarding flows and sign up journeys with the product manager
- Created the trading app **landing platform** and interface with focus on **usability** and hierarchy
- Developed **pitch decks**,**ads** and **marketing assets** aligned with brand guidelines.

Graphic Designer, Roadzen Inc.

Sept 2023 - March 2024 | Full Time Role

- Defined **visual identity** and **design systems** for marketing, focusing on clarity, consistency, and user engagement
- Iterated on color palettes, typography, and illustration styles to establish futuristic visual language across platform
- Designed **custom illustrations** and digital assets in Adobe Illustrator, aligning **brand storytelling** and collaborated with stakeholders to finalize brand themes, visual guidelines, and **color systems** for the subsidiary brands.
